## Mission:

To continue to use my powers of creativity for good. Each project that I undertake must have some lasting, positive effect on the world, however small, or large.

## Experience:

### GOOD FORTUNE FELLOWSHIP, Creative Director (2.09 – Present)

Founded as a new type of agency, GFF is a cooperative of designers, writers, photographers, programmers, and creatives alike. Our common bond is embracing curiosity and loving to create good work with a positive effect.

### GREEN TEAM, Senior Art Director (8.06 – 2.09)

A socially and environmentally responsible ad agency, Green Team specializes in speaking to the “Awakening Consumer.” I worked on almost all of their clients under the title Sr. AD, but when needed acted as photographer, copywriter, producer, and editor.

### THE NEW YORKER, Associate Production Manager (8.03 – 12.05)

Laying out a weekly publication with a circulation of over 1 million taught me a tremendous amount about efficiency and quality. So much so, I spearheaded a project to bring TNKer completely digital; previously the entire layout was faxed to the printer to be assembled... extremely archaic.
